MIRACLE

The Miracle collection is renewed this season with a new selection of fresh colours and designs.

This exquisite collection is made from a superior 100% Super 180's wool, and is hand-crafted in England using a 4ply, twill-based construction at a seasonal 300gm. The result is a beautifully soft cloth which is surprisingly robust, practical and easy to tailor.

Patterns are considered and subtle, soft checks, shadow stripes and pinstripes all feature in the traditional suiting shades of blues, greys and blacks.

HYBRID

The Hybrid concept continues to evolve this season becoming one of the most popular Scabal fabric concepts. Each design is created as a pair, the first a fancy design and its partner sharing the same colour base but with a more understated complementary look.

Create a suit from any fabric or a combination jacket and trouser for a more adaptable look. For the perfect working capsule, select 2 suits and then mix and match them to create endless different outfits.

CONNECT

A new innovation from Scabal, Connect is a contemporary range of fabrics designed with comfort and softness at its heart. The collection opens with a selection of textured fabrics, all with a knitted appearance and a soft feel, ideal to create, the relaxed garments required for a busy modern life. Although they appear knitted, these fabrics are all traditionally woven. It is the skills of the weavers that create this alternative look and finish.

The superior stretch throughout the entire collection ensures that the fabrics are equally suitable for a soft unconstructed jacket as a robust and hard-working pair of trousers. The added stretch brings some crease resistance but more importantly ensures that garments return to their original shape each time they are worn.

The collection closes with a small range of plain fabrics which have a deliberately overconstructed robust finish, and when combined with the colour palette of browns, greens, camel, blues and greys gives them a very modern look.
